PUBLIC ANNOUNCEMENT

CESWG-PE-RB

3 January 2003

SUBJECT: Permit No. 19350(02); Extension of Time

To Whom It May Concern: The U.S. Army Corps of Engineers, Galveston District, has amended a Department of the Army Regional General Permit (GP), as described below:

SPONSOR:

U.S. Army Corps of Engineers
P.O. Box 1229
Galveston, Texas 77553-1229

WATERWAY AND LOCATION: The project area lies within the Inner Harbor of the Corpus Christi Ship Channel from the Corps of Engineers (Corps) Station 1106+32 of the Corpus Christi Turning Basin to Corps Station 1661+50 of the Viola Turning Basin. The USGS Quad reference map is: Corpus Christi, Texas.

SCOPE OF WORK: The GP authorizes an applicant to maintenance dredge existing, authorized facilities used for deep draft and barge navigation in the Corpus Christi Ship Channel. The material must be placed in a Corps disposal area, including Number 1, Number 6, Rincon, South Shore Cells A, B, C, and Suntide, or in an upland disposal area, as determined by the Corps.

BACKGROUND: A public notice was issued on 8 November 2002 proposing an extension of time for GP 19350(01).

The purpose of this GP is to expedite the authorizations of such operations subject to the limitations and conditions described in the attached copy of the permit. Applicants seeking authorization under this GP must submit plans on 8½- by 11-inch paper to the Corps of Engineers, showing the type and location of the proposed action.

If there are any questions relative to the Public Announcement, please contact Mr. John Machol at the above address or by telephone at 409-766-3944.
